Dear Editor
International Journal of Intelligent Systems and Applications in Engineering (IJISAE)

I read and use scientific articles published in IJISAE Journal.

The performance of the IJISAE Journal was excellent, and the article published helped me in conducting research and writing scientific articles.

I am Nanang Yusroni, Student from Universitas Wahid Hasyim, Indonesia

I have completed a scientific article entitled "A Multi-Cast Policy Management Process for Improved Network Security with the Group-Oriented Applications."

I hope this article can be published in the IJISAE Journal, because there are interesting findings in the scientific article that can become new treasures in science, especially in the field of educational.

I am willing to go through the review process following IJISAE Journal standards.

Best Regards,

Nanang Yusroni
